If you don't have a wallet, click on “Create a Wallet.”

New to MetaMask?

No, I already have a seed phrase
Import your existing wallet using a 12 word seed phrase

Import Wallet

Yes, let's get set up!
This will create a new wallet and seed phrase

Create a Wallet

On the next window, you have the ability to choose whether you want to help improve MetaMask. Click on "I agree" or "No thanks."

Help Us Improve MetaMask

MetaMask would like to gather usage data to better understand how our users interact with the extension. This data will be used to continually improve the usability and user experience of our product and the Ethereum ecosystem.

MetaMask will..

- ✓ Always allow you to opt-out via Settings
- ✓ Send anonymized click & pageview events
- ✓ Maintain a public aggregate dashboard to educate the community

- ✗ **Never** collect keys, addresses, transactions, balances, hashes, or any personal information
- ✗ **Never** collect your full IP address
- ✗ **Never** sell data for profit. Ever!

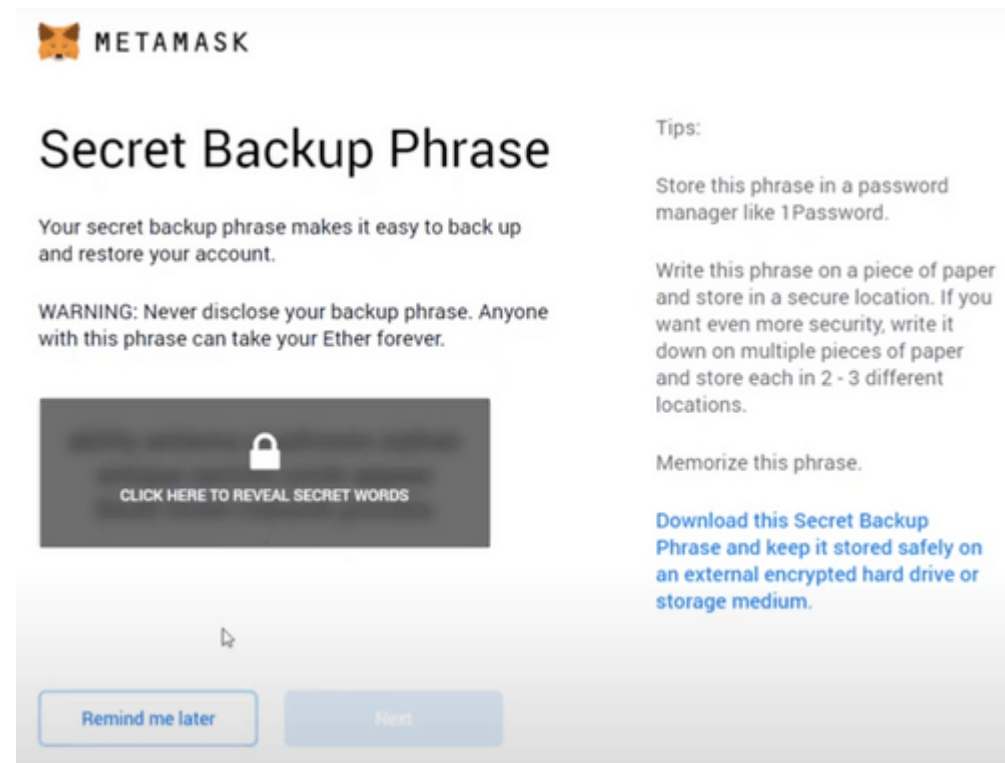

No Thanks

I agree

This data is aggregated and is therefore anonymous for the purposes of General Data Protection Regulation (EU) 2016/679. For more information in relation to our privacy practices, please see our [Privacy Policy here](#).

Create a strong password for your wallet. After creating your password, you'll be shown a seed phrase. This is a group of randomly generated words that serve as your wallet's master password.

It's important to keep your seed phrase safe. Write it down on a piece of paper or store it on a hard disk or online password manager. This is crucial because if you lose your seed phrase, you lose access to your tokens forever.

The image shows the Metamask 'Secret Backup Phrase' screen. At the top is the Metamask logo. Below it is the title 'Secret Backup Phrase'. A paragraph explains that the phrase is used for backup and restoration. A warning states that anyone with the phrase can take the user's Ether. A dark button with a lock icon and the text 'CLICK HERE TO REVEAL SECRET WORDS' is shown. To the right, under 'Tips:', three instructions are listed: storing the phrase in a password manager, writing it on paper in multiple locations, and memorizing it. A blue link offers to download the phrase to an encrypted drive. At the bottom are 'Remind me later' and 'Next' buttons.

SECRET BACKUP PHRASE

CLICK HERE TO REVEAL SECRET WORDS

Secret Backup Phrase

Your secret backup phrase makes it easy to back up and restore your account.

WARNING: Never disclose your backup phrase. Anyone with this phrase can take your Ether forever.

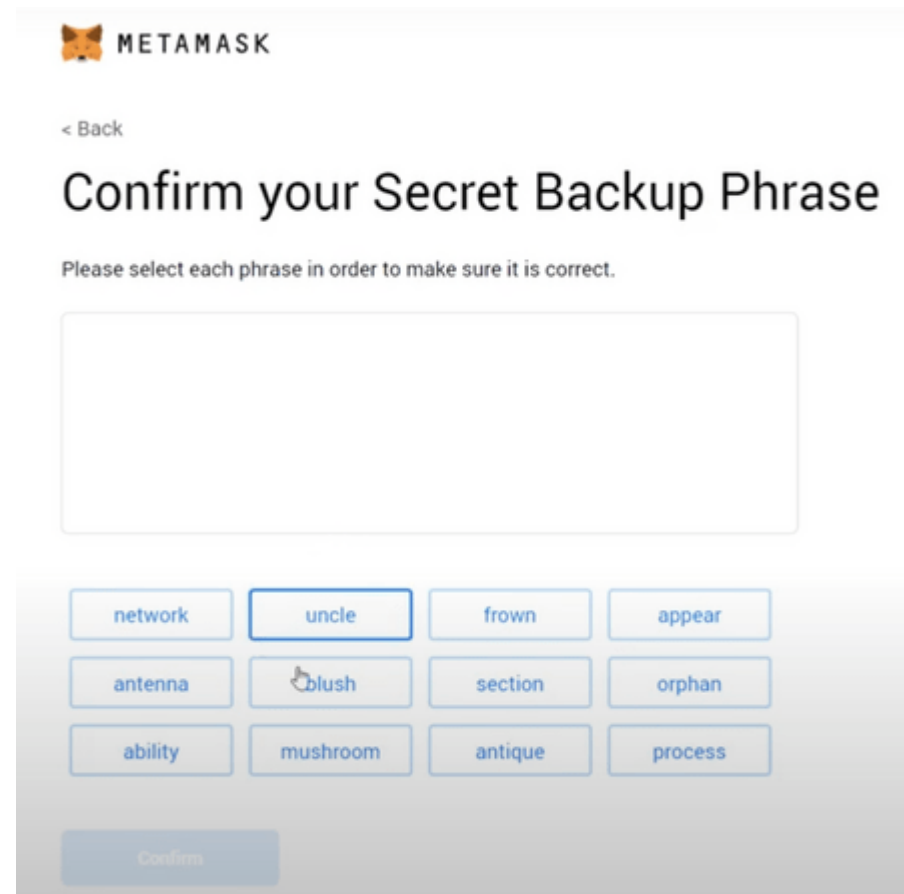

Tips:

- Store this phrase in a password manager like 1Password.
- Write this phrase on a piece of paper and store in a secure location. If you want even more security, write it down on multiple pieces of paper and store each in 2 - 3 different locations.
- Memorize this phrase.

[Download this Secret Backup Phrase and keep it stored safely on an external encrypted hard drive or storage medium.](#)

Remind me later Next

Click on "Next," and enter your seed phrase.

The image shows the Metamask 'Confirm your Secret Backup Phrase' screen. It features a back button, the title 'Confirm your Secret Backup Phrase', and a prompt to select phrases in order. A large empty box is provided for the user to type the phrase. Below this is a grid of 16 word buttons: network, uncle, frown, appear, antenna, blush, section, orphan, ability, mushroom, antique, process. A 'Confirm' button is at the bottom.

Confirm your Secret Backup Phrase

Please select each phrase in order to make sure it is correct.

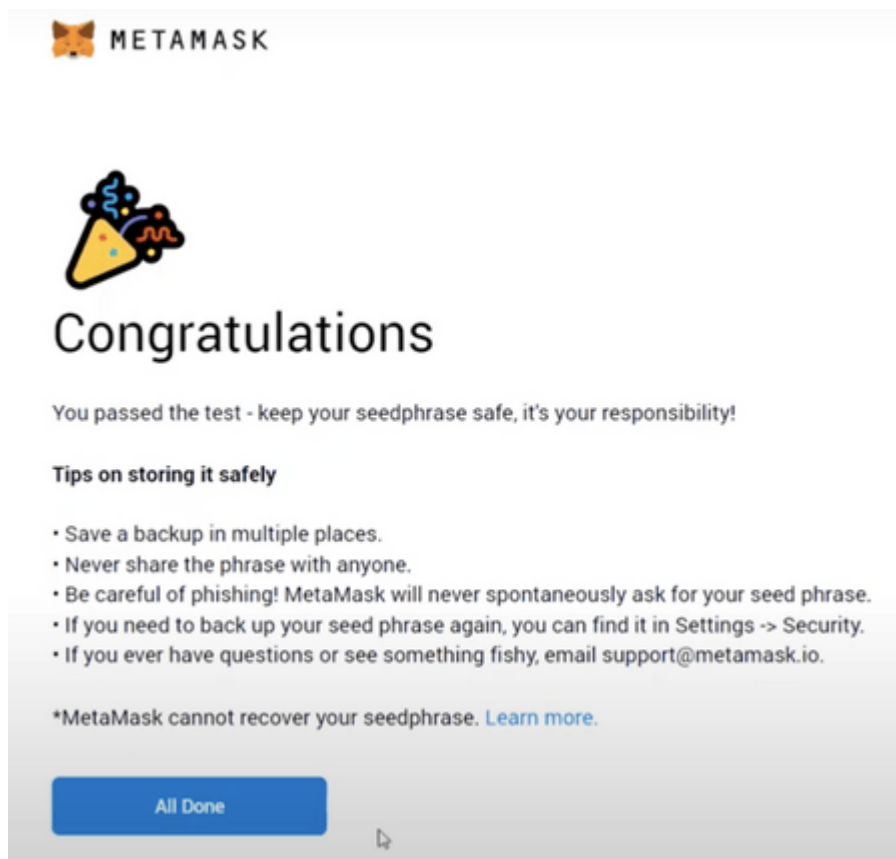

network uncle frown appear

antenna blush section orphan

ability mushroom antique process

Confirm

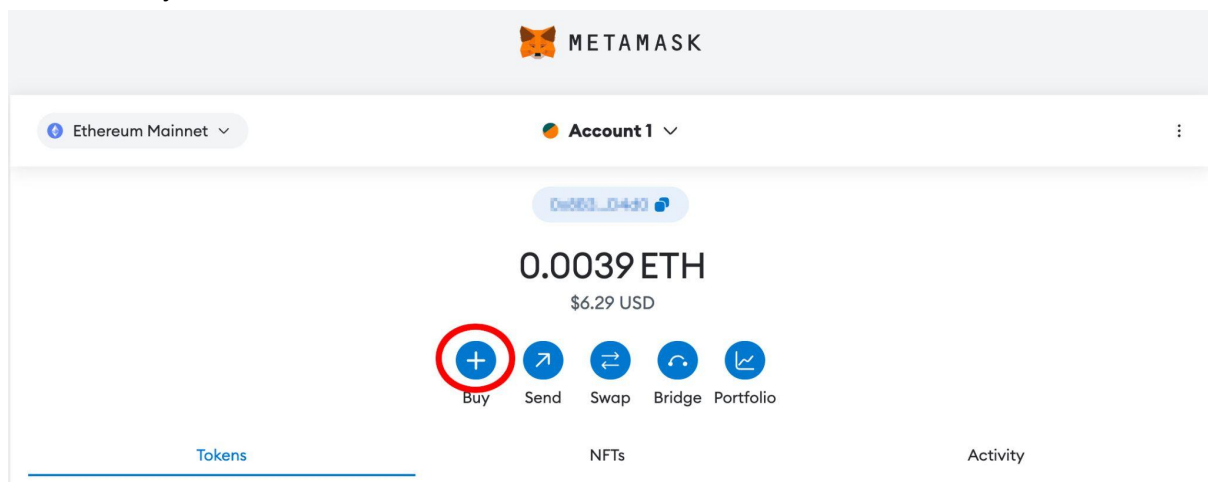

Write this phrase on a piece of paper and store it in a secure location.
Click "Confirm".

Your wallet has now been created. Click on "All Done". Then, click on your MetaMask extension at the top-right-end of your browser to access your account.

3. Add funds (Ethereum/ETH) to your wallet

After clicking on your MetaMask extension, click on "Expand View." This will open a new tab in your browser. Click on "Ethereum Mainnet".
Click on "Buy".

Enter the amount of money that you want to spend on crypto. Choose whether you'll be paying using your debit/credit card or via bank transfer, and "Continue to Transak."

Transak will then ask you to enter your email address to send the verification code. Enter your email address, and click “Continue.”

You’ll then be taken through a series of steps to confirm your identity, such as submitting a photo of your ID card, passport or driver’s licence.

The screenshot shows the 'Verify Your Email' screen in the Transak app. At the top, there is a back arrow on the left, the title 'Verify Your Email' in the center, and a hamburger menu icon on the right. Below the title, a grey box contains the text 'We've sent a verification code to [redacted]@gmail.com'. Underneath this, the label 'Verification Code' is followed by a text input field with four dots and a cursor. Below the input field, there is a red circle containing a white checkmark, followed by the text 'agree with Transak's Terms of Use and Privacy Policy.'. At the bottom of the screen, there is a large blue button with the text 'Continue', which is highlighted by a red rounded rectangle. At the very bottom, a grey bar contains the text 'Powered by' followed by a logo consisting of two overlapping arrows.

Follow the remaining payment prompts until you get to the payment getaway. Wait a few minutes before heading back to your wallet.

4. Buy your 0xMiner Genesis NFT

Visit <https://oxminer.io/minting>. Click on “Connect Wallet.” After doing so, choose your wallet. If your MetaMask Wallet extension is activated, it should connect automatically.

After your wallet is connected, enter the amount of NFTs that you want to buy and click on “Mint.”

After the MetaMask extension pops up, click on “Confirm.”

The transaction should be complete when “NFT successfully minted!” pops up.

After the transaction is complete, click “View Transaction.”

5. About the 0xMiner Genesis NFTs

The 0xMiner Genesis NFT is an ERC-721 token on the Ethereum blockchain. To mint, visit <https://oxminer.io/minting> and purchase the NFT for 2 ETH.

0xMiner Genesis NFT holders will have the following perks:

- A unique collection of handcrafted, incredibly designed NFTs
- Every NFT gives access to our investment platform and gives a 300% ROI guaranteed in 4 years. Depending on the price of Bitcoin and market conditions the rewards can be much higher. When the platform becomes fully operative future users cannot get such a high *guaranteed* APR
- Every holder is an Initial Investor in the OxMiner project, which means he is a Stockholder of the project (and related mining farm)
- Gen 1 holders will have access to a special “board of Gen 1 investors” in our Discord server with the right to make proposals and the right to vote for them and be an active part of the project. It’s like a “membership pass” that allows the NFT holder to participate in determining the future of the project.
- In the future, they will get airdrops of our project’s NFTs and tokens and also from our partners
- Private access to special offers, discounts on future NFT limited collections
- Free limited edition merchandise or discount on it
- Free VIP access to our future events in the metaverse and real life!
- Every holder will be a part of an exclusive club of OxMiner investors with the possibility of accessing investment proposals in the crypto business, NFTs, and real-world assets normally intended only for VHNWIs and institutional investors
- You will also have your name engraved on the OxMiner Chapel (real and metaverse!)
